

On Demand Tips

Choose from over 5,000 FREE selections in our library of more than 7,500 On Demand programs available every month.

As you browse through our library, don't worry that you'll accidentally incur a charge. All of our FREE programs are clearly marked. If you do choose a program that requires a charge, you'll be prompted twice to confirm that charge.

Now On Demand is truly anywhere TV. Start watching a movie or show in one room and then finish it in another with Total Home On Demand.

Here's how to use your remote to access On Demand TV:

1. Press the big "ON DEMAND" button (if available) or go to Channel 99.
2. Press arrow buttons (near the Select button) to scroll through menu options.
3. Press "OK/Select" in the middle of the arrows to make a choice.
4. Press "Exit" to exit out of any selection you don't want.
5. If the program is FREE, "NO CHARGE" will appear in the pricing area or if the program requires a charge, confirm the charge twice by pressing "OK".
6. Now you can play, stop, rewind, fast-forward and pause your selection — enjoy!
